

MUSIC VIDEO

HOW CAN YOU COMBINE ANIMATION WITH MUSIC TO CREATE YOUR OWN SCRATCH-INSPIRED MUSIC VIDEO?

In this project, you will explore ideas related to theatre, song, dance, music, drawing, illustration, photography, and animation to create a personalized music video!

START HERE

- Add sound.
- Create and animate a sprite.
- Make them interact together!

```

when this sprite clicked
  repeat 10
    change whirl effect by -50
    play drum (2) Bass Drum for 0.5 beats
    change whirl effect by 50
    play drum (8) Hand Clap for 0.5 beats
    switch costume to cassy-a
    play drum (2) Bass Drum for 0.125 beats
    turn 15 degrees
    play drum (6) Closed Hi-Hat for 0.25 beats
    turn 15 degrees
    play drum (2) Bass Drum for 0.25 beats
    switch costume to cassy-b
    play drum (8) Hand Clap for 0.5 beats
  
```

	take a photo		upload sounds from a file
	upload sprite from file		receive a surprise sound
	receive a surprise sprite		record your own sounds
	paint your own sprite		choose sounds from library
	choose sprite from library		

THINGS TO TRY

- Use costumes to help bring your animations to life!
- Make your sprite interactive by adding scripts that have the sprite respond to clicks, key presses, and more.
- Add instructions on the project page to explain how people can interact with your program.

BLOCKS TO PLAY WITH

FINISHED?

when clicked

when this sprite clicked

when space key pressed

rest for 0.25 beats

turn 15 degrees

turn 15 degrees

switch backdrop to backdrop1

play drum (1) Snare Drum for 0.25 beats

switch costume to costume1

next costume

wait 10 seconds

repeat 10

forever

- + Add your project to the Music Video studio: <http://scratch.mit.edu/studios/475517>
- + Be sure to give credit to any music, code, or other work used in your project.
- + Challenge yourself to do more! Create your own sprites, sounds, or costumes!
